Have we shared this with the state, BLM, and Sunnyside? and ARSG? I think we ought not have a topic about potentially responsible parties at this time because although we have our ideas, they are not firm and I would guess that Sunnyside might not want to have this conversation. I think we could talk about our process for identifying responsible parties, including issuance of 104(e)s and how this relates to ID'ing RPs,, and that we might want to/need to do this at some point down the road, but beyond that, I don't think the third objective is accurately characterized, from my point of view. In the 4th bullet is that where we will discuss our plans to integrate our understanding of the data, what it states, what it doesn't and what we think we still need? Beyond that I am good with the agenda as it exists.

Martin: could you take a quick look at the plan for the April 19 Silverton meeting?

Hi everyone,

Attached is a draft meeting plan for the ARSG meeting. Again, this is very much a draft and this is tricky since we're participating in ARSG's meeting. That being said, we still want to work with Peter to think through how best to communicate with the community and he is very open to working with us on this. I have discussed

this approach verbally with my counterpart at BLM and she fully concurs (Marilyn at CDPHE has been on travel but will discuss with her too). Thought I'd send this internally before further discussing with Peter Butler.

If you have any concerns with this approach, please let me know as soon as possible.

Thanks.
Jennifer

Subject: draft public notice for Upper Cement Creek

Attached is a draft public notice regarding Upper Cement Creek for your review. This would appear in the 4-12-12 edition of the Silverton Standard. Peter Butler is in favor of our funding a public notice about the meeting. Keep in mind this is ARSG's meeting. I have not yet shared this draft with Peter Butler as I want to first make sure the team is comfortable with this language. Please send any edits or comments by Wednesday 12 noon (or sooner if possible) so I can share it with ARSG as well as BLM, Sunnyside, and CDPHE. Thanks.

Jennifer
